

West Northants Spatial Options Consultation

It is recommended to avoid responding in a manner that is not compatible with planning policy such as saying:

- No one wants them – No demand
- Put them somewhere else
- Tell MK to
- Houses are just for non-local people
- We have enough and don't need more
- Will never sell at those prices

It is better to concentrate on planning issues such as :

- Highways and access A5, A43, Village Roads etc
- Lack of infrastructure
- Dependence on the MK Mass Transit system
- Flooding
- Loss of ecology – special habitats?
- Impact on heritage
- Coalescence of existing settlements
- A5/A508/A422 roundabout at capacity
- Cumulative impact with the proposed AL5 Frontier Logistics Park

By all means, paraphrase the response that the Parish Council has filed. However, simply cutting and pasting may mean that WNC considers your submission not to be an independent view.

Filing online is straightforward although you do have to register. You can use this link to access the registration process
